NEWTON, Mass. and MIDDLEBOROUGH, Mass., Jan. 30, 2018 (GLOBE NEWSWIRE) -- [MariMed Inc.](#) (OTCQB:MRMD) and its wholly owned subsidiary Hartwell Realty LLC, on January 25 received from the town of Middleborough, Mass., of a Special Permit to commence build-out of the 8000 sq. ft. building at 29 Harding St., Middleborough, Mass., formerly Kahian's Furniture, that MariMed purchased for \$1.5 million in August, 2017. MariMed will immediately begin the renovation into a secure, state-of-the-art medical cannabis dispensary, which is expected to serve thousands of state-registered medical cannabis patients.

The Middleborough Selectmen have authorized MariMed Inc. to begin renovation of the building at 29 Harding St., Middleborough into a medical cannabis dispensary that will relieve the medical symptoms of thousands of state-registered cannabis patients.

"We are grateful to Middleborough's Selectmen for their support of this facility which will help

thousands of patients who have been waiting for local legal medical cannabis to relieve symptoms and side effects of cancer, epilepsy, and many other medical conditions,” stated Robert Fireman, CEO of MariMed.

The facility will be leased to ARL Healthcare, which is the Massachusetts Registered Marijuana Dispensary (RMD) licensee for the future dispensary. MariMed expects to complete renovations in March and the dispensary is expected to open after successful final inspection by the State and Town of Middleborough. ARL Healthcare has engaged MariMed to provide management services for the operation of the dispensary, which is expected to create approximately 10 full-time and 10 part-time jobs.

Fireman noted, “The dispensary will be safe and secure, with a welcoming atmosphere where knowledgeable, friendly staff provide private patient education and consultations and efficient service to access the highest quality of pure, precision dosed medical cannabis products. With the feel of an ultra-modern bakery shop, gleaming display cases will showcase a wide variety of products and formulations, such as tinctures, salves, tablets, fruit chews, bud, dissolvable films, and oils, to ensure patients can conveniently administer medication via their preferred method and receive predictable relief.”

ARL is a licensed distributor of MariMed’s [Kalm Fusion](#)™ and [Betty's Eddies](#)™ precision-dosed branded products in both THC and CBD formulations, and MariMed’s licensed Tikun Olam™ clinically proven effective premium cannabis products, including the world-renowned Avidikel™ high-CBD strain. All products retailing in the facility will be cultivated and/or produced off-site at cultivation facilities operated by ARL Healthcare with management services by MariMed.
